

# ATHENS SERVICE PROVIDERS

## USING THIS MAP

This map shows the locations of critical, walk-up resources in Athens. On the back of this map is a list of those resources. You'll find the address, business hours and any eligibility requirements listed underneath the name of the provider. Also listed are the Athens Transit bus routes that have stops near the location. The legend in the bottom of that page let you know what service the agency has. Once you've determined what type of service you're looking for, find it's location on the map. Then, if you need transportation to the provider, be sure to look at what bus routes can get you to that location!

If you need more information about these or 100+ more resources in the Athens area, please call 2-1-1, or text 898-211.
